Lavi

Lavi is a stable chair of harmonious form and striking details. The harmony of its proportions is supplemented with ornamented junctures, making Lavi an excellent choice when an interior needs additional character. The chair's characteristic back is the union of visuality and functionality – the chair is sturdy and stable while at the same time seemingly dancing. Lavi can be made of Beech or Oak Solid Wood and the seat can optionally be upholstered for additional comfort.

My

My Dining Chair is a compact and stable chair with clean lines. The chair's simple and restrained design is supplemented with a specific detail – its thick legs develop into small armrests. The character is lent to this chair by the pronounced junctures of the backrest and chair legs. These characteristic details are the result of an interplay between statics and aesthetic. The outcome is My – the perfect chair for every space. The chair can be made in Beech or Oak Solid Wood and the seat is optionally upholstered for additional comfort.

Still

Still family is inspired by the idea of iconic chair, still its name is derived from its unusual, yet subtle design, visually resisting the laws of statics. Still is a family of highly comfortable and light chairs which can be made in Solid Beech or Oak wood. Still design is harmonious, compact and atypical. Subtle details lend the pieces their character and make them compatible with both public and private spaces. The family includes Dining Chair, Armchair, Bar Stool and Counter Stool. Upholstery is optional.

Fine

Fine is a traditional family in the best sense of the word. The visual harmony is achieved by technical solutions invisible to the eye. The design is an interplay between its minimalist and subtle lines and stable physical characteristics. It is intended for frequent use in public spaces, such as restaurants, bars and hotels, but it is also perfect for private interiors. Fine chairs are delicate and subtle in form, while also being surprisingly sturdy. The family includes Dining Chair, Bar Stool and Counter Stool. The chairs can optionally be upholstered for superior comfort.

Simple

Simple is an archetypal family of clear lines and compact dimensions, exceptionally light, both physically and visually. The simple and clean design of the chairs from this family would not compromise the harmony of any interior. Simple pieces are designed to leave the impression of lean and subtle furniture which is simultaneously exceptionally sturdy and comfortable. This functional family, suitable for long sitting, includes Dining and Easy Chair, Armchair, Bar Stool and Counter Stool. The seat and back of Simple chairs can optionally be upholstered for superior comfort.

Horn

Horn Dining Chair has clear lines and compact dimensions, as well as exceptional physical and visual lightness. Due to its proportionate and monolithic look, the chair is suitable for restaurants and hotels. Horn is a striking chair and its design is a conceptual mixture of the chair with armrest and the chair without armrest. This detail transcends its functional aspect and becomes this chair's major visual asset, making Horn ideal for simply furnished interiors. Its seat and back can optionally be upholstered for additional comfort.

Ritz

Ritz family is comfortable and classic, archetypally simple, aesthetically light and physically sturdy. It is primarily designed for restaurants and hotels. Due to its plain design and harmony of its fundamental elements, Ritz is easily fitted in different types of interiors – both public and private. The family includes Dining Chair, Easy Chair, Armchair, Bar Stool, Counter Stool, Stool and Footrest. Its restrained and classic forms make Ritz ideal for restaurants, hotel rooms and public spaces, but also for private ambiances. Ritz chairs can be upholstered for superior comfort.

Telum

Telum Dining Chair is another in the series intended for public spaces with great frequency, but also for private interiors. This is a chair of sturdy and stable structure, yet also visually attractive. The typical, compact chair is made striking with its specifically designed legs, broken in form. Due to this characteristic detail, the chair is a good fit for simply decorated interiors. It can be made in Beech or Oak Solid Wood and its seat can optionally be upholstered for additional comfort.
