**Siesta**  
exclusive

## Siesta exclusive

Siesta, established in 1987, offers to an international public satisfying the most varied needs, through products conceived in the name of functionality and design.

The continuous attention to the needs and tendencies of the market has led to a constant and balanced development throughout time, determining a first hand position for both productive capacity and also from a commercial point of view. This has been possible thanks to constant research on productive and technological aspects and also on the esthetics and on product promotion.

The freshness of the design of Siesta tables and chairs together with the competitive price satisfies different levels of needs. These characteristics give Siesta access to different market sectors, for example contract and domestic.

The collection includes chairs, bar stools and tables, all designed to be multifunctional and multi-purpose, user friendly and with an indisputable style. With their colour, sense of irony, play on senses and unique forms, Siesta products are immediately recognizable throughout the world, offering longlasting, practical enjoyment. Today Siesta exports 75% of its production to 80 countries around the globe through its comprehensive network of agents and dealers.

Siesta offers an extremely wide range of indoor and outdoor products, with innumerable colour variations, with plastic materials like polypropylene and fiberglass matched to wood or metal or latest trend like transparent polycarbonate or glossy PA6 nylon, with strong technical characteristics, that give the product inimitable qualities such as softness, opaqueness, flexibility and resistance to atmospheric agents.

A concentrate of quality that makes the Siesta product so unique and special.

The latest generation air moulding process, as used for Maya, allows perfect control for the channel draining and the wall thickness. In designing Maya, the designers developed a formally characterized shape yet suitable for different ambiances - contemporary, classic, informal or elegant - where it easily settles in, thanks to a colour range including brights as well as neutral tones. For indoor and outdoor use.
